

This map sized to be printed on 8.5" by 14" paper

Trailhead Directions

From Downtown LA, Take the I-5 about 60 miles then take the CA 138 exit east.

After 4.3 miles turn right onto Old Ridge Route Road/CRN2.

(Some online maps will call this Ridge Route Road or even Pine Canyon Road.)

Follow this road uphill. At around 2.4 miles you will come to an intersection where Pine Canyon Road

turns off to the left (The road is labeled as Oakdale Canyon Road on my Topographic Map.)

Either way continue straight/slightly to the right up the road on Old Ridge Route Road/ FS 8N04.

About a 1/4 mile further up the road you will pass through the remnants of Sandberg.

Continue a quarter mile further up the road and look for a dirt turnout on the right-hand side

This is Point A on my map.

PCT GPS Data Downloaded from the National Geographic Website

Included here since the trail is poorly marked at Point F and near Point J

As of SEP 2007.

PCT (Fire Road)

PCT

(No Bikes)

PCT Signed at Point H

PCT - No Bikes
